:

This matter was opened to the State Board of Dentistry upon receipt of a letter to the Board from Marianne Mauro, D.M.D. ("respondent"), dated September 3, 2004, requesting a hearing concerning the removal of the Order of Automatic Suspension of License which was entered with the Board on September 2, 2004. In response, a hearing was scheduled before the Board on September 8, 2004. Subsequently, counsel for respondent, John P. Dizzia, Esq., requested an adjournment of the hearing until September 22, 2004. Additionally, counsel for respondent requested that for the two week period of adjournment that provision number two of the Order of Automatic Suspension be modified. Specifically, that provision incorporates the directives for dentists who have been suspended or

revoked. He asked that the aspect of the directives which requires divestment of all financial intrests in the practice and a prohibition of receipt of profits not apply for the two week period of adjournment. All other provisions of the September 2, 2004 Order of Automatic Suspension apply, especially, but not limited to the active suspension of licensure. The prosecuting deputy attorney general did not object to an adjournment with the modification.

The Board President granted the request for adjournment and ruled that for the two week period the aspect of the directives discussed herein not apply. However, all other provisions of the Order of Automatic Suspension are effective until further order of the Board. The full Board will consider the President's determination for ratification at the September 8, 2004 meeting.
